

Rain-resistant mobile phone holder for bicycles and scooters

SKU: TEERIDEHOLDIMP

Even in the rain, you can use your smartphone on a bicycle or scooter with this holder and its transparent touch cover.

PHONE STAYS STABLE ON THE HANDLEBARS

This rain-resistant mobile holder is designed to secure your Apple, Samsung, Huawei, Xiaomi or other brand smartphone to the handlebars of a bicycle or **scooter** while keeping it dry. Open the **zip** on the case holder and conveniently, quickly and safely store your device.

Thanks to a plastic hook, your **mobile** is always **ready to attach to and use on the handlebars**. **Stability** is assured and annoying vibrations on dirt roads or city cobblestones will be minimised.

If needed, you can use the included **sponge padding**. This way, the smartphone will remain even more stable in the holder, facilitating its alignment with transparent touch cover.

RAIN-RESISTANT*

This waterproof rubber case has a **plastic film layer** that **protects your smartphone from splashing** while **letting you answer calls or use the touch screen**. This way, you can get around carefree on your bicycle, E-Bike or scooter even if it starts to rain.

ADJUSTABLE AND REMOVABLE

With 360° adjustability, this accessory lets you to place your smartphone in any direction on the handlebars. By detaching it from its hook, **the holder can also be used as a normal rain-resistant case** to protect your device from splashing. Allows constant optimal use of your device

*Not made for full immersion in water. Protects against splashing only.
