

TWS Wizard 10 Speaker

SKU: TEJZSPEAKWIZ10K

Let your music play anywhere you want with the True Wireless Stereo Speaker with cord

WIRELESS...BUT NOT ONLY WIRELESS

With the **TWS Wizard 10 Speaker** you can listen to music both **wirelessly** and using an **AUX cable** to connect to an audio source. **True Wireless Stereo technology** also lets you connect to another Wizard 10 speaker at the same time, creating extremely immersive surround sound.

MUSIC FROM MEMORY STICK AND SD CARD

If you store your favourite music on memory cards such as **USB sticks or SD cards**, this audio speaker lets you insert them into the relevant inputs. Simply lift the silicone tab to find the inputs.

LOUD AND LONG

Turn up the volume: **10 watts** of power ensure intoxicating, immersive listening. Thanks to the **1800 mAh battery**, you can also play **music for up to 5 hours**. Use the **buttons** on the speaker to **increase/lower the volume** or to **play/stop a song**.

Spending the afternoon in the park with your favourite playlist is now easier than ever.

FOR EVERY SITUATION

The **strap** is ideal for carrying the speaker by hand or strapped to a backpack. Take it to the beach or the pool — the Wizard 10 speaker is **IPX5* certified**, which means it is splash- and dust-proof. If your smartphone or tablet is in another room, you won't have any connection problems thanks to the **10-metre operating range**. The **integrated speaker phone** lets you take phone calls with ease. When the battery is running low, simply connect the speaker to a power source using the **Micro-USB cable** included.

ADAPTABLE DESIGN

The speaker's **minimalist design** makes it an object adaptable to any location in your home. The **LED** on the top of the speaker makes it great for use in the dark.

*not suitable for full immersion in water.
