

Battery charger for car, Type-C – USB from 2.1A

SKU: TECRTC1USB2AUL

2.1A battery charger with a Type-C input and one USB of 2.1 A

This **2.1A car charger** is a useful accessory to take with you on your travels thanks to its compact size and ergonomic design. The device is very **simple** to use: just connect the charger to the cigarette lighter/12V socket in your car and insert the charging cables of your devices into the two inputs.

This product has **two outputs** that allow you to recharge multiple devices like smartphones and tablets at the same time.

The **Type-C** input enables you to recharge your device very quickly: in just 60 minutes, the battery is already at 100%.

The **2.1 A USB** uses **Intelligent Charge** technology: the charger automatically recognises the maximum absorbable charge power of your device and adjusts it accordingly, providing, in complete safety, the maximum recharge in the shortest possible time.

The **status LED** enables you to continually monitor the charge level of this car charger.
