

10W wireless base

SKU: TEWIRELESSUF10WW

Fast charge wireless charger, Qi compatible

FOR ANDROID AND APPLE

This **10W wireless fast charge dock** is perfect for quickly charging an Android smartphone or iPhone. Place it on the table or desk to keep an eye on the charge level.

EASE

The dock features **Qi technology** or, in other words, the protocol that enables wireless energy transfer. Ensure that your device is compatible with this charging system.

Just connect the base to a power source via the USB-C cable included in the packaging and place your smartphone on it. The power **will start straightaway**.

PERFORMANCE

The 10W output allows a smartphone to be fully charged within **one hour**.

The dock is suitable not only for Samsung, Nokia, Oppo, Huawei or Xiaomi, but also for iPhones that require a power of 7.5W. The desktop charger features **ADS** (Automatic Detection System) technology that recognises the power needs of the device.

The wireless base **can adjust the power to 5W or 7.5W** to charge Apple devices without overcharging them or causing them to overheat.

FEATURES:

- Power: 10W
- Qi technology
- ADS technology
- Smartphone fully charged in around one hour

10W wireless base
SKU: TEWIRELESSUF10WW

Technical data

Color: white
EAN: 8018417339820
